

## Animal Testing Statement

### Alusion® (Aluminium Oxide)

Antaria confirms that it has not conducted nor contracted third parties to conduct animal testing for any of its products. All *in-vivo* testing of the ZinClear range of products are conducted on humans with prior consent.

Based on our knowledge of the raw materials used to produce this product, and information from suppliers, animal-tested substances are not expected in this product.

Geoff Acton, B. Com. CA  
Managing Director
