

Dioxins Statement

Alusion® (Aluminium Oxide)

Antaria confirms that Allusions® does not contain any Dioxins and Dioxin-like PCBs. Pursuant to the *Stockholm Convention on Persistent Organic Pollutants (POPs)*, Dioxins and Dioxin-like PCBs are neither manufactured during nor used in the manufacturing processes.

Based on our knowledge of the raw materials used to produce this product, and information from suppliers, Dioxins and Dioxin-like PCBs are not expected to be present.

Geoff Acton, B. Com. CA
Managing Director
