

AB Oil

General Data

Known as: Benzoic acid, C12-15 alkyl

Esters

Plant Parts: n/a

INCI: C12-15 Alkyl Benzoate

Product Details

Benefits

Texture

- Provides a smoother application by offering a more spreadable formula.
- Aids in creating a less greasy texture to make the product more comfortable to wear.

Emollient

- Creates a film on the skin to reduce water loss which can prevent water loss and improve skin elasticity.

Antimicrobial

- Extends the products shelf life by preventing the growth of bacteria and microorganisms on the skin.
-
