

Triethoxycaprylylsilane

General Data

Known as: Triethoxycaprylylsilane

Plant Parts: n/a

INCI: Triethoxycaprylylsilane

Product Details

Benefits

Stability

- Prevents the aggregation of mineral particles to maintain the stability of active ingredients (Zinc Oxide).

Enhanced SPF Performance

- Evenly disperses active ingredients (Zinc Oxide) throughout the formulation to provide better protection against UV rays.

Water Resistance

- Forms a barrier on the skin to lock in moisture and prevent the product from being easily washed away by water, sweat, or other forms of moisture.
-
