

# Coco Oil

---

## General Data

Known as: Coco Oil

Plant Parts: derived from coconut

INCI: Coco Caprylate/Caprate

## Product Details

---

### Benefits

#### *Moisturizing*

- Helps to keep skin hydrated and prevent dryness after sun exposure as it contains medium-chain fatty acids.

#### *Anti-Inflammatory*

- Calms sunburns and reduces redness and irritation often caused by UV rays.

#### *Enhanced Absorption*

- Improves absorption of active ingredients (zinc oxide).
- Ensures even and effective protection from the sun as it creates a smooth and spreadable texture.

#### *Scent*

- Offers a natural and pleasant aroma without synthetic irritants.
-
