Product Description

ZinClear®IM50 AB is 50wt% pre-dispersed Zinc Oxide in 'Benzyl Benzoate' as the carrier oil.

This dispersion can be incorporated as the main UV filter into primary sunscreens to achieve high target SPF; alternatively, it can also be used in secondary sunscreens such as Lip Balms; and Moisturizers.

AB Oil has **Antioxidant** activity; and is N**aturally Fragrant** with a slightly sweet scent.
