Product Description

ZinClear®IM50 CCT is 50 wt% pre-dispersed Zinc Oxide in '**Caprylic Capric Triglyceride**' as the carrier oil, and facilitates the formulation of mineral sunscreens.

This dispersion can be incorporated as the main UV filter into primary sunscreens to achieve high target SPF; alternatively, it can also be used in secondary sunscreens such as Lip Balms; and Moisturizers.

CCT Oil is Natural; and has **Skin Conditioning**; **Antioxidant** and **Preservative** properties.
