

Product Description

ZinClear®IM50 JJ is 50 wt% pre-dispersed Zinc Oxide in '**Jojoba Oil**' as the carrier oil and facilitates the formulation of mineral sunscreens.

This dispersion can be incorporated as the main UV filter into primary sunscreens to achieve high target SPF; alternatively, it can also be used in secondary sunscreens such as Lip Balms; and Moisturizers.

JJ Oil is Natural; and has skin moisturizing antibacterial; antioxidant; and wound healing properties.

It is **Non-Comedogenic**; and **Hypoallergenic**.
