## **Product Description**

ZinClear®IM50 JJ is 50 wt% pre-dispersed Zinc Oxide in 'Jojoba Oil' as the carrier oil and facilitates the formulation of mineral sunscreens.

This dispersion can be incorporated as the main UV filter into primary sunscreens to achieve high target SPF; alternatively, it can also be used in secondary sunscreens such as Lip Balms; and Moisturizers.

JJ Oil is Natural; and has skin moisturizing antibacterial; antioxidant; and wound healing properties.

It is **Non-Comedogenic**; and **Hypoallergenic**.
