Product Description

ZinClear®XP55 Sunflower is 55 wt% pre-dispersed Zinc Oxide in Organic '**Sunflower Oil',** as the carrier oil; it is suitable for **VEGAN**, **ORGANIC**, and **NATURAL** Personal care and sunscreen products.

This dispersion can be incorporated as the main UV filter into primary sunscreens to achieve high target SPF; alternatively, it can also be used in secondary sunscreens such as Lip Balms; and Moisturizers.

Sunflower Oil is Natural/Vegan/Organic; and is non-Comedogenic. It has **Wound Healing**; **Antioxidant; and Skin-Protecting Barrier** properties.

All ingredients of ZinClear®XP55 Sunflower are Derived/Organic or Derived/Natural in the scope of ISO 16128-1: 2016, and ISO 16128-2:2017.
